Greetings, travellers!

The team has been hard at work making fixes and improvements to your favourite train-adventure game. Here's what is changing!

Bug fixes and improvements:

- Notifications for Async games – players will now get a native notification at the start of their turn. No more missing the train!
- Added a customer support button in the settings menu. Help is just a click away!
- Endgame scores bars now include stations and will now show correctly for lower scores
- Async lobbies now automatically start once the lobby is full. even if the host is away
